Expresses His Gratitude for Unfailing Confidence in Him by People of Missouri.

ALWAYS JUSTLY TREATED.

Writes That His Only Regret in Retiring to Private Life Is That He Has Not Been Able to Do More for His State.

REPUBLIC SPECIAL. Jefferson City, Mo., March 12.-Former United States Senator Vest, in a letter read to the Senate this morning, thanked that body for the resolutions which were adopted week ago. The letter is as follows:

"Honorable John A. Lee, Lieutenant Governor of Missouri and Presiding Officer of the Senate-Dear Sir: An official copy of the preamble and resolutions adopted by the Forty-second General Assembly of the State of Missouri on the 4th of March in-stant has just reached me. I have no words fully adequate to the expression of my profound gratitude for the kind and generous commendation of my course in the United States Senate by the immediate rep-resentatives of the senate constituency which resentatives of the great constituency which

resentatives of the great constituency which has henored me so long.

'The people of Missouri are not inconstant nor capricious, but singularly steadfast in their opinions, and always charitable and magnanimous in their treatment of public servents in whose honesty and patriotism they have confidence.

'This is evident from the fact that in twenty-four years Missouri is the only State in the Union which has not changed its representation in the United States Senate. No era in our country's history has been more prolific of vital issues, involving even the autonomy of the Government, than the period named, and, while I know that I have made many mistakes, and been often compelled to differ from those whom I in part represented, I have never been unjustly nor harshy criticised by my own people.

"I entered the United States Senate in

In part represented, I have never been unjustly nor harshly criticised by my own people.

"I entered the United States Senate in March, 1879, during the aftermath of a terrible and devastating war. As the waves of ocean are uneasy and turbulent for days after a great storm, so the waves of sectional passion and bitterness ran high for many years after the Civil War, and nowhere were they more violent than in Missouri. Happily, those waves have subsided and we have seen soldiers of the North and South wearing the same uniform and fighting under the same flag for our common and united country.

"Missouri is now one of the five great States of the Union, with credit equal to that of any community in the world; her people contented and prosperous, with promise for the future of increased greatness far beyond the dreams of the most extreme optimist.

"It is my principal regret in retiring to private life that I have not been able to do more for fhe people who have trusted me so implicitly, and whose good opinion I consider a priceless reward for the little I have accomplished in their service.

"Please convey to every member of the body over which you preside, and accept for yourself, my heartfelt thanks, and believe me to be your most obedient servant. (Signed)
